## COAST MEDIA

This upholstered wall unit, which comes in two widths, combines with Coast lounge seating to create privacy within your collaborative area. Coast Media allows you the freedom to set up anywhere within your workspace. Create your customized look with our wide selection of fabrics and colours, and standard or reverse knife-edge laminated table top. This impeccably designed, extremely stable, highly versatile booth will fit perfectly within your office layout, whether it's in a wide open-plan area or in a small lounge space.

## With multipurpose chairs

This free-standing unit, combines with multipurpose seating to create a self-contained, cozy meeting area. Designed to provide a more integrated setting for videoconferencing, Coast Media features a sound absorbing upholstered wall enclosure fitted with a peninsula table to ensure optimum use of space.

## Wire management

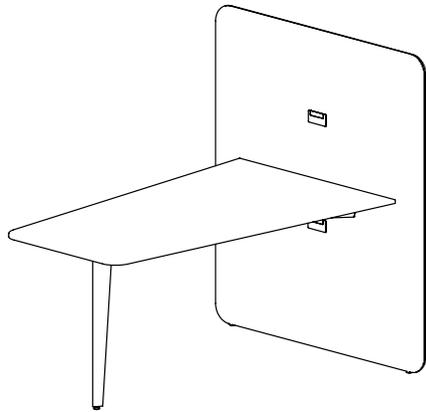

Unique cable management system routes cables from AV equipment and desk mount power through the back support panel. A removal metal cover allows access to these cables and closes securely to provide a clean and finished look to your collaborative space.
